Zero Odor Pro — Powerful Odor Elimination Beyond Masking

Stop masking tough odors. Go after them at the source.

Zero Odor Pro targets odor-causing molecules to help eliminate stubborn smells while leaving a cleaner, fresher-smelling environment without an overpowering fragrance. A faint trace scent helps identify where the product has been applied, then quickly fades.

Zero Odor Pro helps fight odors from:

- **Pets:** Urine, dander, bedding, carpets, rugs, and furniture.
- **Kitchens:** Grease, garbage, burnt food, and refrigerators.
- **Smoke:** Tobacco and fireplace odors trapped in fabrics and surfaces.
- **Damp and Musty Areas:** Basements, wet towels, mildew, bathrooms, and more.

Choose Zero Odor Pro for a powerful approach to unwanted smells in commercial and residential spaces, including homes, apartments, and individual rooms.

Dear Prospective Participant,

Thank you for taking the time to review the enclosed Zero Odor Pro flyer and the opportunity it describes. Zero Odor Pro is presented as a commercial-strength odor eliminator designed to target odor-causing molecules rather than simply cover unwanted smells with a strong fragrance. The flyer identifies possible uses in homes, apartments, offices, pet areas, kitchens, bathrooms, basements, fabrics, furniture, and other spaces affected by persistent odors from pets, smoke, cooking, dampness, mildew, or everyday activity. Odor Pro will do the job! Just spray in the exact affected area.

The purpose of these materials is to give prospective participants a straightforward introduction to both the product and the flyer's referral process. Zero Odor Pro may appeal to people seeking a practical odor-control option for challenging areas, while the program described in the flyer provides a method for sharing the product information with others. Please review the product description, intended uses, payment amounts, mailing instructions, and position sequence as parts of one complete package. You will receive your personal flyer, cover letter, and product. Odor Pro and more.

The flyer states that the initial payment totals \$125: \$25 for Zero Odor Pro and four listed positions at \$25 each. It also explains how names move through those positions as new participants submit their materials. If you decide to proceed, follow the written instructions in order, verify the names and addresses before mailing anything, include the requested contact information, and keep copies of your completed form, flyer, correspondence, and payment records for your files for the near future.

Take time to understand what is expected before participating. The monitor is in the first position. I have been in business since 1983. Do not rely on verbal statements that differ from the flyer; request any additional terms or assurances. Participation is entirely voluntary. No income, profit, placement, number of referrals, or other result is promised or guaranteed, and individual outcomes may vary. Consider the full cost, the time required, the demand for the product. Odor Pro is extremely popular.

Your careful review protects both you and the people with whom you may share the flyer. Describe the product and program accurately, avoid making unsupported claims, and give others the same opportunity to read the instructions and decide for themselves without pressure. A clear, honest presentation helps set appropriate expectations and reduces misunderstandings. If you would like additional information about Zero Odor Pro or any step shown on the flyer, please contact the monitor, Edwin Montgomery at (770) 572-6453. Email is edmontgomery46@gmail.com. I appreciate your interest and encourage you to retain this letter with the flyer for future reference. Thank you again for your time and thoughtful consideration. Come on aboard. This is an excellent product and plan.

Sincerely,

Edwin Montgomery
